**EN These instructions are for general information purposes and are not binding, as variations may occur. Carry out a fitting test before starting your journey to ensure that the chain, when properly adjusted, is correctly positioned on the tyre.**

**With M+S tyres or in case the chain is not correctly positioned on the tyre after 300mt driving, it may be necessary to remove one more part than shown here.**

NL Deze instructies zijn bedoeld als algemene informatie en zijn niet bindend, omdat er variaties kunnen optreden. Probeer thuis eerst de sneeuwkettingen aan te brengen voordat u op reis gaat, om er zeker van te zijn dat de ketting goed op de band ligt, als deze goed is afgesteld. Met M+S-banden of als de ketting nog niet goed om de band ligt nadat 300 meter heeft gereden, kan het nodig zijn om één deel meer te verwijderen dan hier wordt weergegeven.
